1	The evaluation criteria awards up to 45 points for Experience on similar assignments (ref. 7.1.2-7.1.3) and up to 20 points for Quality of technical proposal (ref 7.1). Are there aspects of the Technical Proposal beyond those specifically stated in 7.1.1-7.1.5 that will be considered for the 20 points? For example, nowhere is it specifically stated that the proposer must address program design, services to be provided, staffing, etc.	RFP page 14, Section 9.0 Evaluation of Proposals	The proposer may address the program design, however the services to be provided and the staffing need are outlined in Section 2.0 of the RFP. The bidder must meet the desired qualifications to be eligible for the award of this contract. The bidder may include any information in the Technical Proposal they deem relevant, and all information of the technical proposal will be evaluated.
2	Are there page limits for any section(s) of the proposal besides the cover letter (cited in 7.1.1)?	RFP page 12, Section 7.0 Proposal Contents, Technical Proposal & Cost Proposal	No, the only page limit is for the cover letter. The other sections do not have a page limit requirement.
